Title

1. This Bylaw may be referred to as “Municipal Development Plan Amendment Bylaw No.26-03”.

Amendments

10.A AGRICULTURAL OPERATIONS

Agriculture plays a vital role in contributing to the diversity and stability of both the local and regional economies, given the Village’s proximity to large rural municipalities with substantial agricultural operations. While there are no farming operations within the municipality, a number of commercial and industrial activities and businesses exist in the Village that support agricultural operations in adjacent rural municipalities. Thus, in recognition of the importance of agricultural operations to the wellbeing and culture of the municipality and wider region, this section outlines objectives and policies in support of agricultural operations.

OBJECTIVES

1. Support the continued preservation and viability of agricultural operations in adjacent municipalities.
2. Minimize premature conversion of agricultural lands and unplanned physical expansion into adjacent agricultural areas.
3. Enhance opportunities for agri-business development and agricultural diversification within the Village.

POLICIES

10.A.1 GENERAL

- a. The Village shall discourage development proposals that encourage premature agricultural land conversion in fringe areas.
- b. The Village shall consider and mitigate the impact of major development proposals on surrounding agriculture operations.
- c. Major development proposals in fringe areas as well as future land annexation for Village expansion shall be in accordance with the policies of the Intermunicipal Development Plan between the Village and the M.D. of Smoky River No. 130.

10.A.2 AGRICULTURAL DIVERSIFICATION

- a. The Village shall support new development or expansion of existing agri-business and agriculture-related commercial or industrial uses that complement and support surrounding agricultural operations.
- b. The Village shall collaborate with surrounding municipalities and regional stakeholders to identify opportunities for supporting and promoting agriculture and agri-food development.

Severability

- 3. Should any portion of this bylaw be declared invalid by a court of competent jurisdiction, then the invalid portion shall be severed and the remainder of the bylaw is deemed valid.

Enactment

- 4. This Bylaw shall come into force and effect third and final reading.
